Monday 29th February 2016

Dear parent,

E-Safety - Workshop for Parents
Tuesday 15th March 2016, 2 – 3pm in the Sports Hall

As part of our programme of curriculum briefings and workshops for parents we would like to invite you to the forthcoming session focusing on e-safety. This is an important area as modern technology means that access to the internet is readily available and the vast majority of children grow up using ICT devices. Using the internet responsibly is part of the Computing curriculum and something that we regularly teach at Khalsa. However, in order to help our youngsters recognize all of the opportunities and threats associated with being online it is important that parents and families are fully aware of these too.

I am delighted that Julia Heath, Parentzone Facilitator and Manager of Haybrook and Littledown SEBD Outreach Service, will be facilitating this workshop. Please find attached a letter from Julia giving some additional detail about the session and her role. Julia will also be leading interactive assemblies for our children during the morning of the 15th March.

If you would like to attend this workshop please complete the slip below and return to the office either in person or by email **by Monday 14th March at the latest**. The presentation and resources will be available to access from the school website after the 15th March. Please note there is a page on our website dedicated to providing advice and guidance to parents about e-safety: http://www.khalsaprimarieschool.com/parents_esafety.html.

Yours sincerely,

Ms A Jenkins
