e-safety poem

enjoy the internet but stay safe

Sharing your details is not a very good idea

accepting people which you don't know can be dangerous

flag them and tell a adult in case they may need to be blocked

end chats if you feel bulied or harmed

tell it, save it don't hide it members of family can help

you should now know the basics on e-safety now tell everyone

Your Task: You are going to write your own Online Safety poem. Look at these examples by children. We are looking for you to do something similar. No rhyming needed! You are FREE! It's FREE verse! Be free! Let your mind go and submit to your teacher the best poem!

Online Safety
Click safe every day,
Remember to do everything the right way.
Keep your devices password protected,
Always keep them securely connected.
Being smart on the phone is the right choice,
Don't give trolls a reason to use their voice.
Keep in touch by using your phone,
Forget the unknown,
tell your parents if you're alone.
Always stay safe while playing online games,
Keep it secret (everyone's names).
Keep your details private,
This needs to be deliberate.
Never say your password,
Or people could find you in the real world.
If you speak to someone you don't know,
Leave and go to phone your home.
Try to be safe in every way,
Even when you're on holiday.
Don't reveal the dates you are away,
You could be robbed, you'd have to pay.
Let these examples guide you,
Not just in school, but in everything you do.

Online Safety Poem
I am safe in my house
I keep safe in the online life
I keep my details to myself,
I don't spread my name and address around.

If someone you don't know asks to meet you say, "NO"
and tell an adult or someone you trust.
Use these facts to keep you safe.

I hope you share this with everyone.
But remember only to the people you know
whether it is in games
or social media.

I am safe in the online life,
Being online is my life.
I use a pretend username to protect my identity;
If someone asks what my name is
I just say,
"My name is online safety"
When I am looking for things online,

I ask an adult to help me always!
There are bullies online,
so if someone bullies you,
tell an adult
You can make the internet a better place.
Be cyber safe.
