

SIKH ACADEMIES TRUST

Faith Inspired Education

Thank you for your interest in the post of Headteacher at Khalsa Primary School (KPS). We are situated in a quiet corner of Wexham, in leafy Slough. We are a two-form entry, Ofsted “outstanding” Sikh Primary school, where children attain exceptionally high academic standards, and are provided with a well-rounded education of the highest quality.

The dedication and excellence of the teaching team, teaching assistants, administrative and premises teams, and the sharing of the skills and expertise we enjoy from our close liaison with Governors and parents, enables us to enhance the learning experiences of the children, and improve school facilities.

Our children benefit especially from our very strong faith community. Central to our aim as a Sikh school, is to ensure that we work in a spirit of partnership with our parents, developing our respective roles and responsibilities

We are working to uphold the rights of every child in our daily work. This dovetails with our teaching in both Religious Education and Personal, Social, Health Education (PSHE). Based on the values, attitudes, beliefs, and practices of our faith, we promote the British values through our education for social, moral, spiritual, and cultural development.

The development of our buildings, and outdoor space, has helped us maximise access to a rich curriculum and deepen children’s engagement with art, music, drama, and sport - within and beyond the school day.

The children at KPS know they are a source of great pride to us; they respond to the high standards set for them. At the heart of our ethos is the desire to stimulate each child as a learner, to fully engage them, developing their natural talents, and allowing them to discover their own great potential.

Our dedicated staff forge warm relationships with children and parents, and we seek to provide a happy, supportive environment. Through creative teaching approaches, and a broad curriculum, we develop critical thinking across the range of subject areas, challenging children to excellence, whilst at the same time honing positive attitudes and behaviour.

SIKH ACADEMIES TRUST

Faith Inspired Education

Building on children's innate capabilities, we ensure full participation in all aspects of learning, irrespective of capability, and this is nowhere more evident than in the school's provision for sport. Children, when they enter Key Stage 2, represent the school across a range of sports; and participate competitively at borough and national levels.

In addition to the core subjects of Literacy, Numeracy and Science we believe that children should learn the joy of life, the exhilaration of music, the excitement of sport and the beauty of art. We pride ourselves on the use of creative education; the school's musical provision; the teaching of Panjabi, and the exploration of "Farming", which is our newest initiative. Our children learn the value of life: what it is to be responsible citizens who give something back to their community.

The children are encouraged to have a voice and to steer school improvement, especially those directly relating to playtimes.

We invite you to visit our website www.khalsaprimaryschool.com and join us on our journey.
