

Khalsa Primary School Curriculum Map

Year 3 Spring 1 – Out of the Box

Collaboration

As collaborators we will work together to design and create our product. We will work together to promote our product and find strategies to improve the sale of the product.

Creativity

As creators, we will research, design and make a product to sell. We will look at the best quality and customer satisfaction by using survey and feedback.

The World and Me

As super citizens, we will consider the impact of our product on customer's health and wellbeing. We will ensure that our product have high nutritional value.

Critical Thinking

As learners, we will use our higher order thinking skills such as comparing, contrasting and evaluation our product. We will research the best natural ingredients that is suitable for wide range of age groups.

As a performer we will...

To present their product to audience clearly, accurately and with nutritional values. Promote their product using different techniques and body language e.g. dance, drama, singing in their adverts effectively.

As Digital Citizens we will...

Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour. Select, use and combine a variety of software systems to collect, analyse, evaluate and present data and information.

As Musicians we will...

Learn the texture related to sounds. Look at layers of sound make 'sound sandwiches'. Listen to variety of music and comment on the texture.

As a super citizen (through PSHE) we will...

To explore the relationship and balance between physical activities and nutrition in achieving a physically and mentally healthy lifestyle.

As a faith learner we will...

As Sikh faith learners, we will explore the history of Sikhs and the character of a Sikh.

As Writers we will...

Plan, draft and evaluate writing. To write persuasive writing and instructions for recipes. Assess the effectiveness of own and others' writing and suggest improvements.

As Scientists we will...

Identify that animals, including humans need the right types and amounts of nutrients and they cannot make their own food: they get nutrition from what they eat.

As sportspeople we will...

Use running, jumping, throwing and catching in isolation and in combination, with a focus on team sports. Compare our performances with previous ones and demonstrate improvement to achieve our personal best.

As IT learners we will...

Create adverts, or sales pitches on iMovie (Ipad App), FlipVideo for Flip|Cams.

As Mathematicians we will...

Solve problems, including missing number problems, involving multiplication and division. Solve measurement problems involving time. Count up and down in tenths in fraction.

As Artists and Designers we will...

Design a logo and branding for the business group.

As Readers we will...

Learn to discuss the meaning of words in context. To identify main ideas drawn from more than 1 paragraph and summarising these. How language, structure, and presentation contribute to meaning (newspaper adverts)
