

Year 5 Spring 1 - The Big Five...

Collaboration

We will work together to write folk tales based in India and Africa.

We will dramatize scenes by exploring motives, character feelings and plots from

African and Indian Folk tales.

We will work together to develop our skills at

making correct and responsible choices based on real life situations.

We will collaborate and jointly investigate scientific concepts.

Creativity

We will look at the artwork of Victoria Villasana.

We will improve our mastery in stitching, with a focus on pattern, line and colour. We will use patterns and lines to embroider on to photograph of a person and make collaborative portrait of a famous face.

WoW factor:

Visit from an African Storytelling workshop

Critical Thinking

Compare and contrast the traditions and cultures of two different areas.

We will use our critical thinking skills to pose questions and devise experiments to understand scientific concepts.

We will understand fractions and use our knowledge for reasoning and problem solving.

The World and Me

We will learn about a culture that is different from own one and learn about the history of that culture.

We learn about how the finite resources of the Earth are being used and how we can help to stop this.

We will learn about how one ethnic group of people were treated unfairly and how this system was brought to an end.

We will learn about the legacy of a person and how that legacy remains today.
