

Khalsa Primary School Curriculum Map

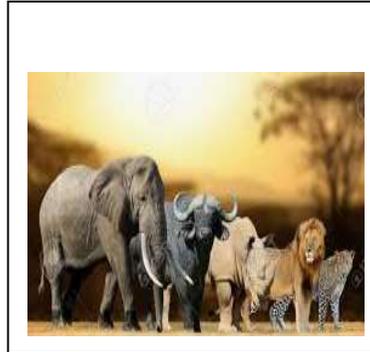

Year 5 Spring 1- The Big Five

Collaboration

We will work together to write, dramatise and publishing our folk tales

Creativity

We will use the artwork of Victoria Villasana as inspiration to improve our mastery in stitching, with a focus on pattern, line and colour.

The World and Me

We will learn about a culture that is different from own one and learn about the history of that culture.
The World and Me

Critical Thinking

We will think about how greed drives humans to do things and if it is correct to have this as a driver for human actions.

As Geographers we will...

Know the location of the continent of Africa and identify its largest countries. Locate Benin on an atlas. Identify the origins and facts about the Kingdom of Benin.

As Digital Citizens we will...

Answer questions by using ICT to identify, collect, store, analyse and present information.

As Musicians we will...

Describe and compare different kinds of music using key musical vocabulary. Listen carefully, developing and demonstrating musical understanding.

As faith learners, we will...

Examine the history of Sikhs and understand the character of a Sikh. Understand how the Hindu belief that Brahman is everywhere and in everything influences Hindus in their daily lives.

As Dramatists we will...

Rehearse and perform poems based on the Apartheid. Dramatize scenes by exploring motives, character feelings and plots from Indian and African tales.

As Writers we will...

Create our own Indian folk tales, using the features identified.

As Scientists we will...

Investigate and develop an understanding of different types of energy. We will plan and carry out experiments to see how energy is transferred from one form to another.

As sportspeople, we will ...

As sportspeople, we will play competitive games, modified where appropriate, and apply principles suitable for attacking and defending. We will also learn the benefits of long term and short term personal targets.

As Mathematicians we will...

Apply our multiplication and division skills to problem solve. Solve problems involving the calculation and conversion of units of measure, using decimal notation.

As Artists and Designers we will...

Use sketchbooks to record our observations and use them to review and revisit ideas. We will improve our mastery in stitching. We look at the work of a specific artist and focus on colour, line and pattern.

As Readers we will...

Enjoy a range of Traditional African and Indian folk tales and explore the features. Compare different versions of the same story.
