

Year 4 Summer- Our Locality Slough

Collaboration

Use concrete resources to show understanding of Time

Recognise common measurements of time and their equivalents.

Convert between analogue and digital.

Use dialogue and discussion to study and expand knowledge about our geographical topic: Our local area Slough.

Creativity

Work as designers, researching making and evaluating

Developing our stitching skills

Create a t shirt for a teddy bear

Continue repeated patterns in music

Explore a variety of tools in software packages and develop our ideas

creativity combined images

WOW MOMENTS

Visit to Slough Library

Critical Thinking

To understand and to evaluate our local area and increase its popularity.

Study maps and plans using standardised symbols and keys.

Produce a leaflet highlighting the attraction in and around our local area.

The World and Me

Understand the importance of good friendships and relationships

Working together to solve friendship problems

As and when they occur.

Striving to help others feel part of a group

To always show respect and be respected.

Learn how to help yourself when hurt or upset.

Understand what makes a good relationship.

Understand the need to communicate clearly
